

Bet 60/C50 Concrete

Product information

Concrete is a composite material consist of cement, coarse and fine aggregates, water, and minor aadditives. When water is mixed with cement and aggregates, the mixture forms a fluid slurry which can be poured easily. The reaction between cement and water occurres and within several hours it hardens and form a hard matrix binds. The final product is transported to the construction sites via concrete mixers.

The declared product is C50 ready-mix concrete which complies with the requirements. The density of the concrete is 2.34 tons per m3.

Detailed information

Registration number:

S-P-08924

Status:

Valid

PCR:

2010-11

2019.14

En15804 Compliant:

Yes

Registration date:

June 18, 2023

Valid until:

June 17, 2028

Geographical scopes:

Israel

LCA practitioner:

yildiray.yilmaz@metsims.com
